FEDERALS ARE ADVANCING ON REBEL FORCE

Progress of Day Is Reported to Be Fourteen Miles—Former Headquarters of Orozco Taken

REBEL CAMP WAKENS TO ACTION AGAIN

Panic Ended and Plans of Resistance Made—Americans Seek to Leave

FEDERAL FRONT, Yermo, Mex., May 14, 7 p.m.—This old adobe town, but five days ago Orozco's headquarters was reached today by General Huerta's federals. The government troops advanced 14 miles north today.

Raul and Emilio Madero, brothers of the president, are with Huerta. The report that Raul was wounded is denied. Madero is still held by the federals.

RECOVER EQUILIBRIUM

Rebels Over Panic and Are Ready to Advance and Meet Advancing Federals

OROZCO'S HEADQUARTERS, Jimenez, May 14.—Panic of the rebels occasioned by Huerta's advance on Sunday, the rebel camp is getting into shape to move against the federals tomorrow. Engineers and others were sent south today to begin the reconstruction of the destroyed bridges between Conchos and Zavala. Rebel officers believe no important flanking movement will be attempted by the federals, because it is not believed Huerta will risk the transportation of his heavy guns over bad roads and bridges.

Aside from the bad effect inevitably produced by retreat, Orozco's army lost little, but rather, as a whole, it gained an advantage.

AMERICANS WOULD LEAVE

Burford Called Upon to Take Away Parties at Several West Coast Points

MAZATLAN, via Tucson, May 14.—Wireless advices received today state that 108 Americans are awaiting the transport Burford at Santa Cruz. Letters and telegrams are coming in, asking the Burford to call again at Mazatlan on her way to San Diego. The Burford left San Blas, Tepic, today, after taking on 37 refugees. Two cases of typhoid developed aboard the transport.

SITUATION IS CRITICAL

IGUALA, State of Guerrero, May 1.—via Laredo—Practical extermination was the fate of 150 defenders of Toluacan, 30 miles from here, in two days' fighting on April 27. The situation here is critical. The district has been cut off from all communication since April 12.

OPPOSE INTERVENTION

INDIANAPOLIS, May 14.—On the appeal of L. Gutierrez de Lara, representing the socialists of Mexico, the socialist convention instructed a committee to draft resolutions against American intervention. "Within a few days," said de Lara, "the Mexican revolt will succeed and the land be given over to tillers." He denounced Madero as a "scion of the aristocracy."

NOTORIOUS BANDIT COMES TO HIS DEATH

Last of Gang Is Dynamited in Villa Where He Took Refuge

PARIS, France, May 14.—The career of the last of France's notorious bandit gang ended dramatically this morning (Wednesday), when after eight hours' battle with the police and troops, its leader, Octave Garnier, and one confederate, Vollet, were blown up by explosives in a small villa at Nogent-sur-Marne, where they had taken refuge. Shattered by shots and dynamite, the house fell in, and the bodies of the two men were found in the ruins. Five policemen were wounded in the fight.

TONOPAH MERCHANT STABBED

Assailant Is Taken to Jail, Escaping Crowd Sent on Lynching

TONOPAH, Nev., May 14.—John Gregovich, a pioneer merchant of Eureka and Tonopah, was stabbed three times and probably fatally wounded by Andrija Mirkovich, after a quarrel over money. A crowd threatened to lynch Mirkovich, who was taken to the county jail in safety.

Traction Manager—"You conductors have got to be polite to passengers hereafter."

Conductor Bill—"Sir, may I trouble you for your fare, please?"

"Madam, at what street intersection may I have the honor of halting the car for you?"

"What's the matter? These people don't seem to be used to politeness."

TARIFF TO BE BIG QUESTION

In Next Presidential Campaign No Matter Who Is Nominated by Either Party

IT MUST BE SETTLED

WASHINGTON, May 14.—That the tariff will be the one, big, outstanding issue in the coming presidential campaign is conceded by the leaders of both parties in congress. Whether the republican name as their standard-bearer President Taft, Theodore Roosevelt or some "dark horse" and the democrats pick Gov. Wilson, Gov. Harmon, Champ Clark or Oscar Underwood, whoever he is he must be prepared to tackle this issue and squarely face the people, if he would expect to land a winner in the White House. This issue, it is conceded, will transcend the desire of any candidate to avoid it.

It is also generally admitted that the candidate who stands in closest sympathy with the wishes of the people on this vital question will most likely be the next president of the United States, be he democrat or republican. If the will of the masses is for general downward revision, if it calls for a deep cut into those highly protected tariff schedules out of which have grown the power of the trusts, then it would seem that the chances of democratic victory next fall are brighter than republican. In short, the democratic candidates in this respect stand in less danger of having their armor pierced than do either President Taft or Col. Roosevelt. President Taft's warm defense of the Payne-Aldrich tariff bill, which is admitted to be only less obnoxious than the Wilson-Gorman law of a decade ago, makes him especially open to attack. Not so with the democratic candidates. With the exception of Speaker Clark, who at different times has stood for free trade, tariff for revenue only and high protection, their views are sound enough to give them popularity with the people. Oscar Underwood, hailing from the iron districts of Alabama, favors protection for the steel industry. On the other important schedules he has spoken for revision.

CLARENCE S. DARROW WILL BE CALLED ON TO FACE TRIAL TODAY

Head of the McNamara Defense Who Is Accused of Tampering with Jury in Case That Stirred World Begins the Most Important Trial of His Own History at Angel City

CHIEF EVENTS IN THE LIFE OF CLARENCE S. DARROW
Born at Kinsman, Ohio, April 18, 1857.
Admitted to the bar in 1875.
Moved to Chicago in 1878.
Defended and obtained acquittal of Thomas I. Kidd of Amalgamated Workers' Union at Oshkosh, Wis., on a charge of conspiracy in 1897.
Pleaded case of anthracite miners before commission appointed by President Roosevelt in 1902.
Defended William D. Haywood in murder trial in Idaho and obtained his acquittal.
Took charge of defense of McNamara brothers in Los Angeles dynamite cases in 1911.
Prisoners pleaded guilty before indicted for bribery of two jurors, summoned in McNamara case.

LOS ANGELES, Calif., May 14.—The case of Clarence S. Darrow, former chief counsel of the McNamara brothers, and now charged with the bribery and attempted corruption of two jurors in the case of the confessed dynamite, James B. McNamara, now serving a life term in San Quentin prison, will be called for trial tomorrow in the County court. Both the prosecution and the defense claim that the trial will be ready for trial and is quite likely that the latter will proceed without further delay. The trial promises to be no less a case celebre than the McNamara case and it is quite possible that it will last a month or more. Some are even inclined to believe that it will not be concluded short of three months.

Clarence Darrow has many staunch friends and they have nobly rallied to his support. Among them are J. Ham Lewis, democratic candidate for the United States Senatorship of Illinois; Lincoln Steffens, the magazine writer, and former United States Senator; Pettigrew, of South Dakota. Others are expected here from Chicago later on to testify to Mr. Darrow's good character and reputation. Clarence S. Darrow is charged with the bribery and attempted corruption of Robert Bain, a juror in the James B. McNamara case, and the bribery and corruption of George N. Lockwood, a juror in the same case. At the coming trial Darrow will act as his own principal attorney and will be assisted by Judge Cyrus Mc-

GOVERNOR SELECTS JACK BOLIN TO BE MINING INSPECTOR

Bisbee Man Gets Position Much Sought—Graham Rouses Ruction

RAPID WORK IS DONE

BISBEE REVIEW BUREAU, ROOM 5, Western Union Building, Phoenix, May 14.—The labor lien bill introduced early in the session by Graham of Cochise and passed by the house without any opposition has created enough hard feeling in the two days it has been before the senate for consideration to break up any well regulated family. This bill had slumbered in committee for a number of days when at the insistence of Graham it was reported out and considered by the committee of the whole of the senate. That was two days ago and since that time at every spare moment the senate has turned to the miners lien law until it is now almost a steady diet. Cuffie led the fight against the bill and yesterday submitted an amendment which was taken to Graham and other labor leaders in the house for approval. It did not pass muster but not until today was the amendment voted on. By the vote of nine to nine the amendment was killed but there was worse fate for the bill as it was recommitted to the mines and mining committee. The bill is urged in the interest of miners and makes claims for miners' wages to take precedence over all other indebtedness.

Kimney Bill in Doubt
The Kimney bill, it is said, will be considered by the house tomorrow, having been returned by the printer and a motion, so it is said, will be made by those opposed to the passage of the measure to indefinitely postpone when the bill is read a second time. The ultimate fate of the bill is in doubt but each day the bill is before the house makes its passage more probable. Gila county members are strong for the bill and ready to advance its interests over all other matters pending and their votes are too many to overlook when individual members are trying to squeeze through some one of their own bills.

Extra Session Question
The question of adjournment is still high in the air. Governor Hunt tonight said he would issue no proclamation for an extra session tomorrow or next day. Some take the view that the executive is thus trying to urge a session to greater speed and others that while there is to be an extra session it will not immediately follow the adjournment of this session. House members take the positive view that there is no need for hurry anticipating an extra session call and have to date held no night session. In the senate it is different and there is every indication that an effort is being made to conclude work and obviate the need for an extra session. A four minute rule for speeches in the upper body was adopted today and the senate after that considering the miners lien bill killed the executive mansion commission bill and a bill creating the office of state bank controller. It also passed through the committee of the whole ten house bills.

The house killed the public defender bill and passed a good roads bill and the seven per cent tax on private car lines.

Bolin Mine Inspector.
During the day the governor sent to the senate the name of John Bolin of Bisbee to be state mine inspector. Bolin was a member of the constitutional convention and recently has been deputy sheriff of Cochise county but has had much mining experience.

FATE OF RICHESON HANGS IN BALANCE

Executive Council Meets Today and May Commute Death Sentence

BOSTON, Mass., May 14.—A meeting of the executive council, which alone has power to pardon Rev. C. V. T. Richeson, who is under death sentence for the murder of Miss Avis Linnell, will be held here tomorrow. If Governor Fos is satisfied with the reports of abolitionists, state officials and others, that there is reason to doubt regarding Richeson's responsibility, he has the power to refer the petition for commutation to the council with or without a recommendation, but the council is not bound by anything the governor may say. Richeson is now in a cell of the state prison.

COLONEL DECLARES HE DOES NOT PLAY ON CLASS HATRED

Opens Campaign in Former Home of His First Running Mate

STILL ASSAILS TAFT

CANTON, O., May 14.—Roosevelt, in his first speech in Ohio prior to the primaries, said here tonight it was his desire to open his campaign in the old home of McKinley. He renewed his attack on Taft and the men directing the president's campaign. He referred to Senator Lorimer as "Taft's lieutenant." He strongly criticized Congressman W. B. McKinley, Taft's campaign manager, for referring in a public statement to the men who opposed Taft in his Maryland campaign as the "rabble of the cities."

No Factional Fight
In part he said: "We who stand for real progress within the republican party have been accused of preaching discontentment and class hatred. I do not believe even those who make the accusation believe what they say. As for the allegation that I stir up class hatred, I can only answer that there is not a class in this country against whom I war except the class of crooks, financial and political, big crooks, little crooks, and against all these I do preach war."

Explains His Creed
"Friends, I hold this is infinitely more than a mere factional fight. I hold this infinitely more than an ordinary party contest. I insist that we who stand for the principles of progressive republicanism, and who therefore stand for making the principles of Abraham Lincoln living the principles applied to the living issues of the day, are fighting the cause not only of sound republicanism but of sound citizenship. I believe the constitution was conserved by the people and adopted by the people so that the people themselves, without compromise, could obtain better justice for themselves and better promote general welfare. Our opponents believe the constitution is something that does not spring from the common people, that on the contrary it has been imposed upon them, and that they are compelled to submit to it, even against their will. Our opponents are enemies of the constitution, in spite of all their lip loyalty to it, when they invert its true meaning by the refinement of attorney logic. Do you think I'm preaching revolution? I stand for the referendum, Taft against it. I ask that the court, the executive and the legislative gentlemen represent the people. Taft says he will protect the courts from the majority of the people. I will stand for anybody who stands for right, stand for him while he is right, but part with him when he goes wrong."

MINERS ARE BURIED ON 2000 FOOT LEVEL

Fed Through Pipe They Wait with Patience for Impossible Rescue

DULUTH, Minn., May 14.—Fed by a pipe driven down to them, and encouraged by mine officials who stated that many miners are working to reach them, six of the thirteen miners entombed last night at the 2,000 foot level in the Norris coal ironwood, Mich., are still imprisoned tonight with five of their companions dead beside them. Two other bodies were brought to the surface.

It is not known what caused the accident. New timbers had recently been installed at the 2,000 foot level, and the mine was supposed to be impregnable.

The mine is controlled by the U. S. Steel corporation. There is believed to be little hope that any of the men can be saved.

CHAMP CLARK AND ROOSEVELT SWEEP STATE

California Selects Speaker Over Jersey Professor by a Majority of 3 to 1

MAJORITIES LEAVE NO DOUBT OF SENTIMENT

Colonel Doubles Combined Vote of Roosevelt and LaFollette in State Throughout

SAN FRANCISCO, May 14.—At the first preferential primary held in California, in which women also participated, the state voted overwhelmingly for Roosevelt on the republican ticket, and Clark on the democratic. Taft ran a poor second, and LaFollette a good third.

Only in San Francisco was the race at any moment close, and even in the northern part of the state, where Taft counted upon polling the greater part of his strength, Roosevelt led the way. In Los Angeles his vote was more than two to his rivals' combined one, and the southland in general was his stronghold, though early returns from San Diego gave LaFollette a plurality.

In San Francisco the registration of women was slight, but the proportion of those registered who voted was heavy. In Los Angeles the women registered nearly equal to the men, but the women outvoted the men.

MAJORITIES ARE HEAVY

LOS ANGELES, May 14.—More complete returns of the California state primary indicate that Roosevelt and Clark will win by a big margin, the former probably 2 to 1, the latter 3 to 1.

ROOSEVELT IN CONTROL

RALEIGH, N. C., May 14.—The republican state convention will be held tomorrow to elect delegates at large. Chairman Horehead has conceded that the Roosevelt men are in control.

ALL FOR ROOSEVELT

ST. PAUL, Minn., May 14.—Minnesota's 24 delegates to the national republican convention will be instructed for Roosevelt, according to complete returns from yesterday's primary.

The state convention will meet at Minneapolis on Thursday.

WILSON'S EFFORTS FAIL

SALT LAKE CITY, Utah May 14.—The only restriction in the way of instructions placed upon Utah's sixteen delegates to the national democratic convention, each of whom will have half a vote, was that the "vote for a progressive candidate on a progressive platform."

The effort to have the delegates instructed for Wilson mustered but two votes.

TAFT GAINS FOUR

NASHVILLE, Tenn., May 14.—Four delegates at large from Tennessee to the national convention were selected by the state convention late last night and instructed for Taft.

MANY CONTESTS FILED

CHICAGO, May 14.—Notice of thirty-three contests have been filed with the republican national committee, which will open permanent headquarters here tomorrow.

From Florida came notice that the state's twelve delegates will be contested. Other contests reported were for the fourth and seventh Mississippi and fifth Louisiana districts. A peculiar condition exists in the fifth Louisiana. One delegate and his alternate are endorsed by both Roosevelt and Taft followers, but they split on the second delegate, an alternate, through a misunderstanding it was previously announced at headquarters here that a meeting of the sub-committee will be held tomorrow or Thursday to make final plans for the convention. This meeting really will be held May 18.
